

# WORKPLACE

# SOS!

What do we need  
to change to accelerate?

# DIFFERENT GROUPS, DIFFERENT CONCERNS, **ONE GOAL**

## FACILITY MANAGER, OFFICE MANAGER

Our office was perfect for us three months ago. Is it still perfect for us now?

I don't know how to arrange an office for social distancing.

Will I fit all my employees in our current office if I have to de-densify?

## HR MANAGER

What is the key to delegating employees to the home office? Who should work in the office, and who should work remotely?

Well-being and employee benefits — how do I think about them nowadays?

## EMPLOYEE

Will my office be a safe place? I don't really know what the disinfection of common areas looks like. It's also out of my control, which makes me nervous.

How do I know if my colleagues are healthy? I don't know how careful they're being after work.

## LANDLORD

What changes must I make to the properties I manage? Will I be facing new regulations?

How do I ensure security in common areas such as the reception desk, office building lobby, elevator, or stairwells?

Smooth. Move human.

Poland:

According to Infuture Institute  
**only 4% of respondents  
want to keep full-time  
home working.**

USA:

**no days at home - 44%**

1 or 2 days at home - 26%

3 or 4 days at home - 18%

5 days at home - 12%

70% of people want to work  
in the office the majority  
of the week

30% of people want  
a flexible work  
arrangement

\*According to the Gensler research

WE WANT TO WORK IN THE OFFICE **BUT...**

# BACK TO THE OFFICE SPACE PLANNING

## Your **new** office space

A safer office space doesn't mean a complete revolution, so don't panic. We will show you how to use the old equipment in new, safer ways. And how to pick the right new equipment that will make for smart investments.
